2. The NTA Score indicates the percentage of candidates in the examination with raw marks EQUAL TO OR BELOW (same or lower raw marks) candidates. The NTA scores of a candidate have been calculated as follows:

$$\frac{100 \times \text{Number of candidates appeared in the examination with raw marks EQUAL TO OR LESS than the candidate}}{\text{Total number of the candidates appeared}}$$

NTA score is not the same as percentage of marks obtained.

3. A National Merit Ranking (All India Rank) has been arrived based on the Marks secured against Total Marks.

- Student having same Score shall be listed in a chronological (ascending) order as per their date of birth.
- Candidates having same score would be given the same Merit, and the Merit number would be increased by the same number i.e. if there are two candidates at Merit 2, Merit 3 would not be awarded to the next candidate but Merit 4 would be given.

4. The admission authorities are advised to use score awarded to the students for allotment of seat in the AICTE approved programs along with the other criteria that may exist, as applicable.

5. Candidates particulars including Category and Person with Disability (PwD) have been indicated as mentioned by the candidate in the online application form.
