### Part B

#### CRITERION I – CURRICULAR ASPECTS

##### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

? Being the affiliated institute, the institute implements the curriculum prescribed by Jawaharlal Nehru Technological University Anantapur, Anantapuramu and imparts quality education depending upon the resource potentiality of the institution. ? For effective implementation of the curriculum, the following process is developed and deployed. Plan for effective implementation of curriculum: ? The Principal of the college conducts meetings with the various department heads to develop strategies for effective implementation of the curriculum. ? Faculties are encouraged to impart the curriculum through innovative teaching methods such as presentations, assignments, discussions, workshops, seminars and industrial visits besides the regular/traditional chalk and talk methods. ? We follow the academic calendar provided by the University which is circulated to all departments at the beginning of the semester. ? We prepare Teaching Plan based on the syllabus and the academic calendar framed by the university. ? The College encourages its faculty members to participate in Orientation/Refresher Courses/ Workshops/ Seminars organized so as to update their knowledge and to improve the teaching practices. ? The college provides ample books and other teaching and reference materials like journals, magazines, teaching models and software to enable its teachers to ensure effective delivery of curriculum. Library committee conducts meeting and takes appropriate decision regarding the requirement and procurement of books, journals, e-journals. Ensuring staff have opportunities for keeping their skills and industry/business expertise up to date Encouraging faculty members to evaluate their own learning and teaching practice. ? Encouraging innovation in learning and teaching - planning how practice can be shared amongst lecturers ? Establishing MoUs with various industries and institution. ? The students would have gained strong fundamental knowledge, acquired enough managerial skill and developed an inclination for lifelong learning. ? The teaching and laboratory plans are approved by Head of Department (HOD) before the start of semester and communicated to students by respective course

teacher. ? The course files are evaluated by Internal Quality Assurance Committee (IQAC) with help of concerned senior subject teacher and HOD. ? IQAC monitors the academic activities on regular basis to ensure the execution of timetable. It also monitors execution of academic calendar and teaching learning process and finds the gap, if any. ? For a group of around 10 students a teacher is allocated as Mentor. ? Mentor conducts a weekly meeting and does the counselling of poor performing students.. ? The academic performance of students is continuously monitored by conducting unit tests, mock examinations during the semester. ? Employing learner centric techniques such as assignments, peer learning, group discussion, brain storming, projects, quiz etc., in the delivery of the academic courses. ? Views of experts from industry, academia and alumni on curriculum are taken regularly. Feedback from industry and alumni is given due importance in defining graduate attributes and design of course outcomes.

## 1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?  
(maximum 500 words)

Feedback Obtained
The feedback forms consist of specific parameters to evaluate the curriculum. We collect feedback from stakeholders at periodic intervals. The collected feedback forms are analyzed and discussed with HODs by the Head of institute for development of the institution.

## CRITERION II – TEACHING- LEARNING AND EVALUATION

### 2.1 – Student Enrolment and Profile

2.1.1 – Demand Ratio during the year

Name of the Programme	Programme Specialization	Number of seats available	Number of Application received	Students Enrolled
BPharm		100	95	95
Pharm D		30	25	25
MPharm		105	21	21
Pharm D	Post Baccalaureate	10	1	1

### 2.2 – Catering to Student Diversity

2.2.1 – Student - Full time teacher ratio (current year data)

Year	Number of students enrolled in the institution (UG)	Number of students enrolled in the institution (PG)	Number of fulltime teachers available in the institution teaching only UG courses	Number of fulltime teachers available in the institution teaching only PG courses	Number of teachers teaching both UG and PG courses
2018	370	63	27	29	0

### 2.3 – Teaching - Learning Process

2.3.1 – Percentage of teachers using ICT for effective teaching with Learning Management Systems (LMS), E-learning resources etc. (current year data)

Number of Teachers on Roll	Number of teachers using ICT (LMS, e-Resources)	ICT Tools and resources available	Number of ICT enabled Classrooms	Number of smart classrooms	E-resources and techniques used
56	7	1	1	0	1

### 2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

In our institution we have implemented students mentoring system. In view of the fact that mentoring is the informal transmission of knowledge and provides the psychosocial support to the mentee with relevance to professional development and to develop them into a whole person. Each mentor in the institute has been assigned with 10 students for the entire programme duration. Different techniques have been used by mentors according to the situation and the mindset of the mentee. By accompanying with the students and taking part in learning process sidebyside with the learner the mentors, class advisors, subject faculties and HOD are assisting in improving their academic performance and attendance. Regular counselling is done by mentors for the better improvement in the theory and practical by regular monitoring. Additional lectures/practical was scheduled to improve them in the areas where the mentee is lacking in understanding. The mentor chooses to plunge the learner right into change, provoking a different way of thinking, a change in identity or a reordering of values. In the first year of the academic curriculum more importance has been emphasized on the student's academic and personal issues of concern by the mentors. The first year class in charges used to assist the mentors in handling with the critical cases. This makes the students realize their responsibilities at budding stage of their career itself. A special arrangement also, is made available to the students to deal with psychosocial issues arising in cases like single parenting, bread earner in the family etc. More focus is also given by the mentors in improving their communication skills by encouraging them to participate in test for English and giving some small topics related to society. This minimizes the fear in students and leads to maintain a healthy relationship between mentor and mentee. From the second year onwards the students are given guidance for career, personal, besides academic issues. For higher semesters, the mentors allocated to the students will council same group of students for three years i.e. the same set of students will be monitored and counselled till they have passed the course. The meetings of mentorship are conducted every month, in which students meet their mentors for academic and personal issues. A record is maintained for each student where details like Personal Information, Previous record, Academic Performance, CoCurricular and ExtraCurricular activities. The mentors meet the students periodically and monitor their performance and their activities. Guidance regarding the lagging issues is provided. Occasionally meeting with the parents is conducted based on the requirement.

Number of students enrolled in the institution	Number of fulltime teachers	Mentor : Mentee Ratio
600	56	1:10

## 2.4 – Teacher Profile and Quality

### 2.4.1 – Number of full time teachers appointed during the year

No. of sanctioned positions	No. of filled positions	Vacant positions	Positions filled during the current year	No. of faculty with Ph.D

### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The Institute has established its distinctive approach towards this comprehensive Vision by modelling it in the form of four aspects which are so unique and proprietary to the Institute that it is a part of the Institute's Intellectual Property in the form of a trademark. Four aspects are (a) Excellence in Academics (b) Exploration of Knowledge through Research (c) Excitement of Innovation Entrepreneurship (d) Exponent for Development of a Rounded Personality with Global Vision and Social Responsibility. Excellence in Academics: A high quality of academic excellence can provide value added experience for the students. The positive outcomes are achieved by designing the curriculum to meet the global requirements and through teaching learning methods blended with ethical values. The structured induction of the student into the curriculum enables to visualize the career opportunities and the approach towards achieving them. Exploration of Knowledge through Research: The Institute's determination to be transformed into a centre research excellence through Research Based Learning Teaching. The Research and development cell (R D cell), of the institute is equipped with advanced level research Laboratories to facilitate the academic and sponsored projects and provides the knowledge regarding advanced technologies, enabling the students to carry out interdisciplinary research. Excitement of Innovation Entrepreneurship: The institute provides a platform to business Startups to develop their ideas into commercially viable products. ED Cell crucially works on generating the excitement in the young brains to produce innovation and thus laying the stones for entrepreneurship. Exponent for Development of a Rounded Personality with Global Vision and Social Responsibility: The institute enables the students to participate in CoCurricular Activities (CCA) and Extra Curricular Activities (ECA) there by helps to enhance all rounded personality to strongly face the turbulent road of the future. Career guidance, Personal counselling, Training are well structured through a Mentoring Training and Placement (MTP) centre. ANCP has conducted many seminars and guest lectures. Many Pharma experts do visit the college for guest lectures, training program as well as for interviews and placement. ANCP placement cell has developed a strong and huge network with many pharma professionals and pharmaceutical companies. The Annamacharya college of pharmacy works with objectives: To provide the exposure to current research trends in pharmaceutical industry. To improve practical knowledge and technical skill of students. To acquaint the students about various aspects in pharmaceutical industry like quality system existing

in the organization, trouble shooting in formulation and manufacturing of pharmaceuticals, analytical method development and routine quality control of pharmaceuticals, Intellectual property rights, industry based regulatory needs, and Pharmaceutical care etc. To help students understand their strengths and weakness that can help them in selecting their career options. It also creates a platform for the students to interact with executives from the industries
